## 10 YEAR PRODUCT GUARANTEE

DELTA© STEAM SYSTEMS unconditionally guarantees its condensate removal products against defects in material and workmanship, orifice wear, wire draw and damage by corrosive materials for a period of 10 years while it is the property of the original purchaser. If such defects or damages occur within 10 years, Delta© will replace said unit(s) free of charge. This warranty covers the condensate removal unit only, not the Y-strainer, blowdown valve or any other parts of the Delta assembly. This warranty applies to normal use and not to intentional damage or unreasonable use. It does not cover cleaning of the units. In honoring this warranty, Delta's© responsibility covers replacing defective condensate removal units only, not for labour, material or any other costs related to installing them.

Delta© will exchange and resize, free of charge except for shipping, any purchased units that must be replaced due to steam system modifications, expansion or process changes. Should units needed exceed the number originally purchased, the excess will be charged to the customer at then current prices.
